COSMIC FOMO

Cosmic FOMO is an app that
allows learning crypto trading
in gaming form and earning
without risking your own assets

Choose a pilot, fill up your backpack
with assets and take off to space!

COSMIC FOMO ADVANTAGES

Since there is a negative mathematical expectation, the tokenomics are more stable

The game has **5 deflationary tools**

The gameplay is balanced – we paid particular attention to the hardcore mode

After 50% of players reach High LVL, a new phase will begin with a new game model, **through which users will be able to earn game tokens and MDAO**
